INTRODUCTION

It is in the best interest of a house of worship and its children/youth to adopt policies, procedures, and practices to assist the house of worship in protecting the children/youth from physical, mental, and emotional harm.

It will be the responsibility of the house of worship to educate ministers, house of worship staff, and volunteers in the identification and prevention of sexual and physical misconduct. In many cases, sexual or physical misconduct will violate criminal statutes and may lead to the prosecution and imprisonment of offenders.

The house of worship should establish a policy of zero tolerance for sexual or physical misconduct and should aggressively pursue investigation of reports of misconduct.

The information provided in this document includes items that each house of worship should consider as they adopt procedures. There are some guidelines that can establish clear directions, but the information is general and allows each house of worship to expand upon or develop specific content of policies and procedures that can be implemented according to the particularities of the house of worship.

The information contained in this document is not all inclusive. It should be discussed with the house of worship leadership and the information adopted according to the religious beliefs and activities of the house of worship.

Contained in **Appendix A** of this document is an example of a Child and Youth Safety Policy. Where appropriate, the house of worship should adapt the various portions of a policy or policies.

GENERAL POLICIES & GUIDELINE CONSIDERATIONS

VOLUNTEER & PAID STAFF SELECTION

1. A screening policy should be adopted by the house of worship for screening of employees and volunteer applicants wishing to participate in activities involving children or youth.
2. An application form for all volunteers and paid staff should be developed. An example application form is shown in **Appendix A**. This form should include questions as they relate to the individual's previous work with children and youth, the reason for wanting to work with children and youth, their area of interest in working with children and youth, etc.
3. Prior to implementing applications and reference check forms used by your house of worship, they should be reviewed by legal counsel familiar with your state's employment laws.
4. An individual should have lived in the community for 1 year and provide references they are a person of good standing in the community.
5. If the individual is new to the community or a new member, before working with children or youth, they must provide at least 2 references, including his/her previous pastor indicating the member's good community standings for at least 1 year in the previous community. References should be checked and documented.
6. The volunteer or paid staff person should have an in-person interview. This interview could be conducted by the senior pastor and one other person or a committee within the house of worship.
7. Background records should be checked and documented. Those records could include, but not limited to, criminal records, sex offender registry, child abuse registry, etc.
8. Those convicted of sexual or physical abuse should not be accepted for volunteer or paid service in any house of worship sponsored activity or program for children or youth.
9. The house of worship shall provide annual training to all house of worship staff and volunteers, focusing on the house of worship's policies and practices on the child/youth safety policy and be trained on other current issues related to child and youth protection. Attendance at these sessions should be required for those who have direct contact with children or youth.

10. Volunteer and paid staff should be required to sign a statement that they have read and understood, and also agree to abide by the house of worship's Child/Youth Protection Policy. Note **Appendix C** for an example of an Acceptance of Policy.
11. Volunteers or paid staff are prohibited from the use, possession, distribution, or being under the influence of alcohol, illegal drugs, or the misuse of legal drugs while participating in or assisting with programs or activities specifically for children or youth.

POLICIES/SUPERVISION WHEN WORKING WITH CHILDREN/YOUTH

1. At least two non-related adults (over the age of 21) should be assigned to and be present at all house of worship sponsored activities involving children or youth.
2. Any youth helper or youth teacher (youth could be defined as youth under the age of 18) must present written parental/guardian permission to the adult supervisor of the activity before being authorized to work with children or youth.
3. There should be at least 2 non-related adults present in any classroom at all times.
4. Children participating in indoor activities in classrooms should be visible from outside the classroom. If a door does not have a window, the door should be left open and be gated, if necessary. Doors should never be locked while persons are inside the room.
5. A volunteer or paid staff member shall not place themselves in a situation where they are alone with a child or youth, without proper parental/guardian authority.
6. Volunteers or staff of the house of worship may visit and observe children or youth programs at any time.
7. Anytime a paid staff member or volunteer is required to be alone with a child or youth, parental or guardian permission should be obtained. If contact with a parent/guardian cannot be made, another adult should be notified. Only volunteers or paid staff members who have been authorized will be allowed to chaperone overnight activities.
8. Pre-school children needing to use the bathroom should be accompanied by 2 adults. The adults may enter the bathroom, if the child needs assistance or supervision, but should not enter the stall with the child unless there is an emergency. If the child needs assistance or there is an emergency with any child, the stall door and bathroom door should be left open.
9. A sign-in/sign-out procedure should be established. Parents/guardians or other persons responsible for children from infant through 2nd grade should record via sign-in procedure on the nursery registration form with the staff/volunteer on duty as to whom the child may be released. If the person picking up the child is unknown to the staff/volunteer person, a picture ID should be requested to verify the release person's identity. A child should not be released to a person not previously authorized via the sign-in procedure, which will be on the registration form. The sign-in procedure should require an emergency contact number for parents/guardians. Also, the registration form should note allergies or any special needs of the child.
10. In a nursery setting, always have a minimum of 2 non-related adults present when changing children's clothing.
11. Make certain there is enough help in the nursery to provide enough attention to each child's needs.
12. An appointed monitor should check each nursery room to make sure it is properly staffed and that things are running smoothly. This person can also monitor hallways for unwanted visitors and help supervise restroom breaks.
13. There should be a communications system established to call the parent/guardian to the nursery during worship or other house of worship activities.
14. Children and youth must have completed an information and consent form for involvement in house of worship-sponsored programs and activities away from the house of worship location. The person in charge of each trip and/or retreat shall carry completed medical release forms, including permission for emergency medical care, including medication prescribed, and information on how to reach a parent/guardian in an emergency.

15. The following rules apply when transportation by volunteers or paid staff is being provided for children or youth for designated house of worship activities from the house of worship to a house of worship sponsored event and back:
- a. The designated leader of the event will not permit any adult to drive who appears to be under the influence of alcohol or drugs.
 - b. Driver must be at least 21 years of age and have a clear driving record.
 - c. Driver must have proof of insurance, if their personal vehicle is used.
 - d. Parents/guardians must complete written permission forms before house of worship personnel transport children and youth for a house of worship sponsored activity or for any purpose.
 - e. Driver must have read and signed an acknowledgment indicating that the Child/Youth Protection Policy has been read and will be followed.
 - f. A copy of the valid driver's license and insurance card must be filed with the house of worship Office Administrator, before a driver is approved to drive on house of worship sponsored activities.

RESPONSE TO ALLEGATIONS

1. All allegations of incidents involving improper touching, physical abuse, or sexual abuse of a child or youth during the course of any and all house of worship sponsored activities must be immediately brought to the attention of the senior pastor or the appropriate committee within the house of worship. Exception: if the alleged perpetrator is within this reporting chain, that person shall be bypassed and the report made to another individual or individuals in the reporting chain. See **Appendix D** for an example of an Incident Report.
2. If an incident is reported, it is the responsibility of the senior pastor or other individual in the authority chain to see that proper notification is made to the following: parents/guardian, legal and social welfare authorities as may be mandated by state law, and insurance company (in accordance with the insurance contract).
3. All allegations of sexual misconduct should be fully and fairly investigated and corrective and/or disciplinary action taken as warranted.
4. The house of worship should not attempt to perform a detailed investigation of any alleged incident on its own, but should cooperate fully with all legal entities involved.
5. Individuals who do not satisfactorily pass the screening should be excluded from service and/or contact with children or youth, but may be offered opportunities of other service or paid staff positions in other areas of the house of worship. Consideration should be given for pastoral guidance and counseling to assist the individual in understanding the house of worship's duty to provide the highest level of protection to its children, its youth, and to members of the house of worship.

SAFETY POLICY

(NAME OF HOUSE OF WORSHIP) CHILD AND YOUTH SAFETY POLICY

*A designate of the **(Name of, if applicable)** Council, a designate of the Staff-Parish committee, the Christian Education Director, the Youth Coordinator, an attorney, the Chair of Education Ministry, the senior pastor, and the associate pastor shall comprise an administrative body referred to as “The Child and Youth Safety Committee” [hereinafter “Committee”]. The Committee’s purpose shall be to guide the house of worship in promulgating and enforcing policies, procedures, and practices concerning the safety of our children/youth when in the care of paid and volunteer child and youth workers at the **(Name of house of worship)**[hereinafter “Policy”]. The Committee is empowered to select a chairperson and adopt such rules as is appropriate to execute the purposes expressed in this Policy. Replacement Committee members designated from a house of worship Committee shall be selected by that Committee. The attorney shall be selected by the senior pastor. The **(Name of, if applicable)** Council will confirm this Committee and its members.*

MISSION STATEMENT

It is in the best interest of our house of worship, our children, and our youth to adopt policies, procedures, and practices to assist our house of worship in protecting the physical, mental, and emotional well being of the children and youth who participate in house of worship sponsored activities at the **(Name of house of worship)**. Volunteers or paid staff with convictions of abuse crimes will not be permitted to work with children or youth. The kinds of convicted criminal behavior which disqualify an applicant include, but are not necessarily limited to, the following: 1) Child molestation, 2) Incest, 3) Rape, 4) Assaults involving minors, 5) Physical abuse of a child, and 6) Child pornography.

It is with this mission in mind that the Committee proposes the following policies, procedures, and practices.

NEEDS ASSESSMENT

The **(Name of, if applicable)** Council, with the input from house of worship leaders and staff, has explored the need for child and youth safety policies, procedures, and practices. It determined that, given the size of **(Name of house of worship)**, the wide range of house of worship sponsored activities involving our children and youth, and the overarching care and concern this house of worship has for its children and youth, a safety policy is indicated. The following Policy seeks to address that need.

(NAME OF HOUSE OF WORSHIP) CHILD AND YOUTH SAFETY POLICY

The **(Name of house of worship)**, through its people, believe it is in our house of worship's, our children's, and our youths' best interests to adopt policies, procedures, and practices to assist in protecting the physical, mental, and emotional well-being of our children and youth when they participate in house of worship sponsored activities. These policies, practices, and procedures proceed from the following core decisions:

1. Adults convicted of sexually or physically abusing a child will not be accepted for volunteer or paid service in any house of worship sponsored activity or program for children or youth.
2. Adult survivors of childhood sexual or physical abuse need the love and acceptance of this house of worship family. Individuals who have such a history shall discuss their desire to work with children or youth with the senior pastor or associate pastor prior to engaging in any volunteer or paid service. The Christian Education Director will be involved at the option of the senior pastor or associate pastor.
3. A volunteer or paid staff member must have lived in this community for one (1) year and provide references indicating he or she is a person of good standing in this community. In the event the volunteer or paid staff member is a new member of constituent, he or she must provide at least two (2) references, including his or her previous pastor, indicating the volunteer's or paid staff member's good community standing for at least one (1) year in the previous community.
4. At least two (2) non-related adults (over the age of 21) will be assigned to and be present at all house of worship sponsored activities involving children or youth. If youth helpers are conducting house of worship sponsored activities, at least one (1) adult (over the age of 21) must be assigned to and be present at that activity. "Youth helpers" are defined as youths under the age of 18 and who have successfully completed the screening process set forth in this Policy.
5. Youth helpers or youth teachers must present written parental/guardian permission to the adult supervisor before being authorized to work with children.
6. Volunteers and paid staff members must submit a completed application form at the inception of their service and in January of every calendar year ending with "5" or "0" thereafter. In addition, each must agree to training and be trained in accordance with the procedures set forth by the Committee before being authorized to work with children or youth in house of worship sponsored activities.

[THIS POLICY SHALL BE ATTACHED TO THE APPLICATION FORM]

Parental/guardian permission forms will be made available for other house of worship sponsored settings enabling parents/guardians to approve their child being alone with a teacher or leader.

Therefore, the above policies and incident reporting will be carried out tactfully, discreetly, and without bias on the part of the reporting agent.

Upon learning of the allegation of sexual abuse by any employee or volunteer of the house of worship, the Committee shall take steps to see that the person making the allegation is provided with information concerning:

1. the process of inquiry the Committee will follow; and

All reasonable attempts will be made to keep reports of allegations of misconduct confidential. Reporting agents will be instructed to maintain the confidentiality of all parties, to the extent allowed by law, with the following required reporting exceptions:
