

CHECKLIST VEHICLE

DO IT YOURSELF

This handy checklist is an easy way to spot common issues with your vehicle before hitting the road.

FLUID LEVELS

Check: oil • transmission • brakes • power steering • engine coolant • windshield wipers

Notes:

TIRES

Check: tread • pressure • spare and jack • alignment

Notes:

WIPERS

Check: clean • look for wear • streaking or hazing when in use

Notes:

LIGHTS

Check: headlights • turn signals • brake lights

Notes:

BATTERY

Check: corrosion • frayed cables • cracked casing

Notes:

HOSES AND BELTS

Check: fraying • slick or glazed • squealing sounds • pulleys • tension

Notes:

BRAKES

Check: test • listen for grinding or a rattle • feel for any brake fade

Notes:
